

SUPPORT YOUR PEOPLE

Hello Neighbor is an Alexandria area initiative that helps new and existing residents integrate into the community. We believe that building strong relationships - both in and out of the workplace - is key to creating a thriving community. By encouraging employees to connect, you're not just supporting them, you're investing in the future of your business and the Alexandria area.

Our program co-hosts events throughout the year for residents to get to know one another. We're here to support those looking to find "their people" and hope to help them make connections along the way!
